After You Are Well From Rheumatism

Will You Pay Your Banker \$10.

Not a cent in advance—not a penny, remember, until you, yourself, can freely and unhestiatingly say, I am well again!"
Should you begin the treatment, I will let your Banker or Express Agent hold the money.
Will you under such conditions, to be completely and entirely free from Rheumatism, expend \$10.00? That is what I now promise Rheumatics. My boundless, never-ending faith in Dr. Shoop's Rheumatic Remedy has led me to make and full this remarkable offer. Positively not physician, anywhere, has ever before said. "I will Cure Rheumatism, else make no charge."

I want to get—and must in some way get, everybody, every where, to fully and completely understand what I myself now absolutely know, about this unsurpassed prescription. The remedy is surely remarkable—then why not the offer? Every Druggist nearly, in America, whether located in hamlet or city, has been, and is now freely selling at \$1.00 per bottle, Dr. Shoop's Rheimatic Remedy, and yet, strange to say, not one sufferer perhaps in a hundred, even knows as yet of the remedy and its power to battle against pain. To stir, to awaken these unknowing ones, to spread the knowledge of what this prescription can do, I shall broadly publish this offer, these facts, unrestricted and everywhere. Having no fear of the final outcome. I shall unhesitatingly tell of my plan to all.

plan to all.

Render, you that are well and happy, 10 an act of humanity. Tell some tortured and suffering one that there is yet one way to health-one way entirely free from risk, or of money loss.

For a complete cure I charge \$10.00, for I must strike a fricto all average price. It is true that many will be cured with a bottle or two of my remedy, but chronic exceedingly deep-seated and difficult cases, may fequire ten; twenty, or even a greater number. He, I believe, who has actually suffered the pangs of real Rheumatism, will hardly complain of the price when cured, because perchance, but two or three bottles are needed in his particular case.

Do not trouble your druggist, please, about this plan. He has no authority, nor will be furnish my medicine, except to sell it at retail, bottle by bottle. EX-BOSS CROKER SAYS THINGS.

Ex-Boss Dick Croker has not here tofore had a reputation for saying things, but a very high one for doing things, Indeed, he maintained a conspicuous silence during his brilliant term as a Tammany boss, and let his deeds speak for him, which they did, most volubly. It seems now that he can talk, and very much to the point. There is a frankness of utterance now, very strongly contrasting with his former Much, if not all that he says is obviously true, especially his judg-ments of men, and it must be conceded that a man who could rule Tammany as he did must be a good judge of men The only qualification that enters into this is how far personal pique and resentment may prejudice him. He says that Hearst's defeat was "a judgment of Heaven," owing to his conduct of the campaign. He says that Hearst quite late in discovering that he was corrupt politician, since in 1903 Hearst made a personal visit to him and im plored him to return to the manage ment of Tammany, and particularly to Hearst's assistance in entering politics. Mr. Croker is quite proud of Hearst's placing him in the "plunderbund" with Belmont, Morgan, Carnegie, Root. Roosevelt, etc. These men have done far more for New York even when asleep than Hearst has in his most active moments. Hearst is doing his ut-tive moments. Hearst is doing his ut-most to produce a class war which will ator Depew expires. Senator Depew's of the Anderson Troop, or 15th Pa. DROPS DEAD AT TABLE!

J. Hill Moreton struck dead while making speech.

The annual meeting of the Colonial Society, held at the Madison Club house in Cleveland, yesterday, came to an abrupt and tragic end when Mr. J. Hill Moreton dropped dead at the table. He was just finishing a brief after-dinner speech when he suddenly stopped, grasped the table and sank to the floor. He died, stricken by Heart Disease before his wife, who sat nearest, could reach him. He was a prominent attorney and only thirty-six years prominent attorney and only thirty-six years old.

Mr Hill was the picture of health, yet for months he had known that he had some heart trouble, but had carelessly done nothing for it, saying to his wife and others that he guessed it didn't amount to much—that it would get all right of itself. But delay and neglect cost him his life. This case is only one: sixty thousand people

die yearly of Heart Disease! Six in every ten have it. Many don't know it, they think it's something else and doctor the stomach, kidneys, female organs, etc., and get no better; and a good many who know think it can't be cured. Now Heart Disease is just as curcured. Now, Heart Disease is just as curable as any other disease; we have proved this fully bycuring in the last five years, over thirty thousand cases! Many of these were the most chronic, serious, complicated kind, in which all other remedies and doctors had failed, and hope seemed gone, but our treatment cured them quickly and to stay cured. In very many cases of Heart Disease the Nerves and Stomach are affected also. This treatment sets the stomach right, strengthens the nerves and builds up the whole system. SENATORIAL

ELECTIONS.

One-Third of the Senate to Bo Elected This Winter—Only a Few Cases of Interest—Number of Multi-millionaires to Be Increased.

The elections are over, but several ontests remain of popular interest. hose are the elections of United States enators by the Legislatures. Onehird of the Senate is elected every two he present membership is 90. It will 92 after Oklahoma comes into the Most of this class of 30 are already assured of a re-election. In times gone by it has frequently happened that the Senate was stirred most of the Winter, following a Congressiona election, by the contests in progress before Legislatures. There are com-paratively few such contests this Win-

Two or three stand out prominently one is in Rhode Island, where a suc essor to Senator George P. Wetmore i be named. That he will be a Re publican is assured, altho the Demo-crats and Independents have great strength on a joint ballot. But it has been charged that Rhode Island Re-publicans are boss ridden, and that Senator Aldrich has been able to dic-tate the name of his associate. The fight there, when the Rhode Island Legislature meets, will be whether Senator Wetmore shall continue in office or whether some other shall have his mantle. The State has offended in

he past quite as much as some of the

branch of Congress.

The New Jersey contest for the Sen te is likewise of keen interest, because multi-millionaire, Senator John F. Oryden, is seeking re-election, and the Dryden is well known in Washington, altho he has never taken an active part in legislation. There is even more interest in the Senatorship from New York, now held by Thomas C. Platt. Last session he and Senator Depew were both absent from their seats most of the Winter, and the great Empire State was practically without representation in the Senate. The State was not due to elect another Senator this year, because Mr. Platt's term does not expire till March 4, 1909. The rumors that he might resign, altho apparently with slight foundation, have attracted attention to his case. The interest is all the keener, because it is known that the men who as on had so many customers that he rules and seven the riding with his daughters, his horse stumbled, throwing him over his head, inflicting among other injuries a fracture of the fifth vertebra. His condition has since been very critical and of the highest interest to the medical profession from its unprecedent of the life of Mme. Should Senator Platt resign and the term. However, such a resignation and election would probably make it more difficult for Mr. Roosevelt to secure the seat. The new incumbent would undoubtedly want to be continued, and

> cent years some men of moderate means have been coming to the Senate, and the term that it is a millionaire's lub has been coming less and less true Now the pendulum appears to be swing-ing the other way. The biggest millionaire in the Senate, William A. Clark, of Montana, a Democrat, is going out, but another great millionaire, Simon Gug-genheim, is likely to come from Colo-rado. He is a greater millionaire than Senator Patterson, Democrat, whom he expects to succeed. Senator Alger, of Michigan, another millionaire, is retiring, but there are several millionaires vying for his place, with a likelihood that one of them will succeed. Senatorships have been prizes for Michigan millionaires many times in years gone

With the exception of Senator Dryden the millionaire Senators have been doing pretty well with elections. Their marriage was the cul-mination of a most desperate case of "love at first sight," the two having met, loved and plighted their troth under the witchery of a tropical moon in the Philippines a year or so ago. In the midst of their honeymoon came the cruel orders to the Captain to take the first transport for the Philippines, and in spite of all the bride's desperate appeals, which she made in every di-rection, even to President Roosevelt himself, she was denied the right to accompany her husband. A reckless determination took possession of Mrs. Heidt. Unknown to her husband, and after having bidden him a tearful fare vell, she hastily put on a suit of his old regimentals, stowed away in their capacious pockets sandwiches, hardtack and a flask of water, and passing up the gangway without molestation, con-cealed herself in the dirty hold of the transport. After three days out she was discovered and dragged up on deck nearer dead than alive. Of course, her husband recognized her, and altho this plucky evidence of her devotion must have touched him, his position was not exactly an enviable one. However, the Captain and all hands made the best of the situation, and Mrs. Heidt was made as comfortable as nossible. It was comewhat difficult finding sultable clothing for her, but she made out somehow, and when she got to Honolulu was able to appear once more clothed as the happy bride of an Amer
